

BRUMBY BULLETIN

Brumby Engineering College

December 2010

Change to lunch hour For Years 7 and 8

Following the meeting with Parents, and Governors' approval, we will be changing the lunch break for Years 7 and 8. They will be going for their lunch at 12.40 and returning to classes at 1.20 p.m.

The change will take place from the start of next term.

However, to ensure that everything goes smoothly we will also introduce the change from

Wednesday 15th December, for the last six days of term. Then any problems can be identified and sorted out before January.

Would parents please note that one Year 7 class has PE for the last lesson of the morning, so they will continue with their lesson until 1.00 p.m. as now. When the new timetable is introduced in September 2011 no classes in Years 7 and 8 will be timetabled for PE at this time.

I believe this change will ensure a quieter, more comfortable lunch break for all students.

Dr. T. G. Clark

Arrangements for Carol Service Tuesday 21st December

As last year, we will be taking pupils from Years 7, 8 and 9 to the New Life Church on Tuesday 21st December for the Annual Carol Service. These pupils will have an early lunch at 12.40 and then be taken by bus, from 1.15 p.m. onwards to the Church.

The service is due to finish between 2.45 p.m. and 3.00 p.m. and the students will be dismissed from the Church to make their own way home.

Parents can collect their children from the church if they wish. If students wish to walk back to school then members of staff will be on hand to accompany them.

We have asked the local Police to assist at the end of the service by seeing students safely across the dual carriageway.

Years 10 and 11 will have no change to their lesson schedule on this day. Year 10 will have normal lessons and Year 11 will

be taking a mock science examination in the afternoon.

The evening service will begin at 7.00 p.m. and I hope our Year 10 and 11 pupils will come along to this. Parents and friends of the school are warmly invited to attend the service and to stay for Mince Pies and tea or coffee afterwards.

Dates for your Calendar

School Closes for the Christmas Break on

Wednesday 22nd December 2010

at the normal time

and will

re-open on

Wednesday 5th January 2011

New School Opening

As I mentioned in the last bulletin, we are hoping to take possession of the new building at February 2011 half term. This will mean that the school will close on Thursday 10th February and Friday 11th February to enable staff to move equipment etc. from the old school to the new. Students will return to school after the half term on Monday 21st February 2011.

Should there be any need to change these two closure days I will inform parents immediately.

Finally, can I thank you all for your support throughout the year. Brumby Engineering College goes from strength to strength.

I wish you all a Happy and Peaceful Christmas and a Prosperous New Year.

Best Wishes

Dr. T. G. Clark

SEVERE WEATHER REPORTS FOR SCHOOL CLOSURE

If it is deemed necessary by the Principal to close the school due to adverse weather conditions the following radio stations will issue a report

LINCS FM 97.6 FM
and
RADIO HUMBERSIDE

France and Bruges

There are still places left for the Year 7 and 8 trip to France and Bruges.

This trip takes place on the 24th to the 26th June and you are still able to bring your deposit of £40 after Christmas.

(Maybe Father Christmas will feel generous this year!)

MFL Department - School Visits

Germany

There are also some places left for the Year 8 and 9 trip to Germany taking place on the 7th to the 10th July and again you will be able to bring in your £60 deposit after Christmas. Germany is still accepting collective passports so you will not need to apply for an individual one for your child.

This particular trip has always proved to be extremely enjoyable and popular with our pupils and some of our ex-pupils still talk about it now!

Mrs. C. Clarkson

Message from the Office

Please don't forget to let the office know of any changes of address or telephone number. It is important that we have up to date information in case of emergency. Don't forget that you can contact us as follows:-

by e-mail at:-

admin@brumbyengineeringcollege.co.uk

or

Telephone 01724 860237

LOST PROPERTY

We still have a large amount of lost property ranging from bags and PE kits to coats!

Can we please ask that you put your child's name in all of his or her clothing, including coats. This will enable us to return lost items to the right person, rather than having a huge amount of unclaimed clothing.

If you have lost anything please see Mrs. Worthington our First Aid Officer for help.

Thank you

CHRISTMAS CAROL CONCERT

For many weeks now, pupils have been rehearsing for our annual Christmas Carol Concert which is taking place at "The House", on Tuesday 21st December at 1.50 p.m. and again at 7.00 p.m.

As always, the occasion promises to be a very joyous one, with a variety of performances from pupils, staff and guests whose main aim is to share their glad tidings with you.

All pupils in years 7, 8 and 9 will

travel to the afternoon performance by bus, after an early lunch, but will need to make their own way home from the church at 3.00 p.m.

Pupils who wish to walk back to school will be accompanied by staff and members of the police service will be there to help them cross the busy road.

Any pupils who have performed in the afternoon will need to return to the Church for the evening performance at 6.20 p.m., and then

be escorted home by yourselves at approximately 8.15 p.m.

Please come along and join us at 7.00 p.m. to celebrate the Christmas season. Afterwards tuck into mince pies and drinks which will be available to send you on your way!

We look forward to you being there to support your children.

Mrs. G. Sowerby

Inside Story Headline

Inside Story Headline

This story can fit 100-150 words.

The subject matter that appears in newsletters is virtually endless. You can include stories that focus on current technologies or innovations in your field.

You may also want to note business or economic trends, or make predictions for your customers or clients.

If the newsletter is distributed internally,

“To catch the reader’s attention, place an interesting sentence or quote from the story here.”

you might comment upon new procedures or improvements to the business. Sales figures or earnings will show how your business is growing. Some newsletters include a column that is updated every issue, for instance,

an advice column, a book review, a letter from the president, or an editorial. You can also profile new employees or top customers or vendors.

Inside Story Headline

This story can fit 75-125 words.

Selecting pictures or graphics is an important part of adding content to your newsletter.

Think about your article and ask yourself if the picture supports or enhances the message you’re trying to convey. Avoid selecting images that appear to be out of context.

Microsoft Publisher includes thousands of clip art images from which you can

choose and import into your newsletter. There are also several tools you can use to draw shapes and symbols.

Once you have chosen an image, place it close to the article. Be sure to place the caption of the image near the image.

admin.brumbyengineeringcollege.co.uk

This would be a good place to insert a short paragraph about your organization. It might include the purpose of the organization, its mission, founding date, and a brief history. You could also include a brief list of the types of products, services, or programs your organization offers, the geographic area covered (for example, western U.S. or European markets), and a profile of the types of customers or members served.

It would also be useful to include a contact name for readers who want more information about the organization.

Back Page Story Headline

This story can fit 175-225 words.

If your newsletter is folded and mailed, this story will appear on the back. So, it's a good idea to make it easy to read at a glance.

A question and answer session is a good way to quickly capture the readers attention. You can either compile questions that you've received since the last edition or you can summarize some generic questions that are frequently asked about your organization.

A listing of names and titles of managers in your organization is a good way to give your newsletter a personal touch. If your organization is small, you may want to list the names of all employees.

If you have any prices of standard products or services, you can include a listing of those here. You may want to refer your readers to any other forms of communication that you've created for your organization.

You can also use this space to remind readers to mark their calendars for a regular event, such as a breakfast meeting for vendors every third Tuesday of

the month, or a biannual charity auction.

If space is available, this is a good place to insert a clip art image or some other graphic.
